Motion Design
Graphic Design

Professional Summary

Creative and detail-oriented web designer with a robust foundation in UI/UX design, freelance graphic design, and web development. Experienced in crafting user-centered digital experiences and visually compelling designs, as well as leading teams and working with vendors. Enrolled in the Digital Media and Design program at the University of Connecticut, with a concentration in Web and Interactive Media, where I am refining my skills in interactive and responsive design.

Experience

March 2024 - Current

UI/UX Designer
DX Group - Storrs, CT

UI/UX designer, web developer, and project manager at the Digital Experience Group within UConn's COR²E. Worked with both university and non-university clients. Designed and developed interactive web and mobile applications, collaborating with external vendors and developers. Led communication with clients and coordinated meetings.

May 2022 - Jan 2024

Web Design Intern
Thor Specialties - Shelton, CT

Designed, developed, and implemented SharePoint intranet site. Communicated with external vendors and coordinated meetings with various departments. Designed custom graphics and training videos for intranet site. Developed process maps for automation of onboarding system and other department processes.

Sept 2019 - June 2022

Freelance Designer
Orange, CT

Designed various graphics, logos, and animations for local businesses.

Sept 2019 - June 2022

Lead Designer/ Editor-In-Chief
Amity High School Yearbook

Designed graphics and page layouts for yearbook. Oversaw all design-related projects and page designs. Managed entire yearbook committee.
